DESK/1600

Smart customer-facing PIN pad,
for a seamless self-checkout

- Speed up the payment for Desk/series terminals
- Manage customer interface for any type of payment at the latest standards
- Integrate with any counter space thanks to a compact and nimble design

Desk/1600 covers all payment methods and focus on contactless validation. Nimble in design, Desk/1600 takes up a limited space on a potentially busy countertop, resist to intensive sanitization and tapping by contactless cards and NFC smartphones.

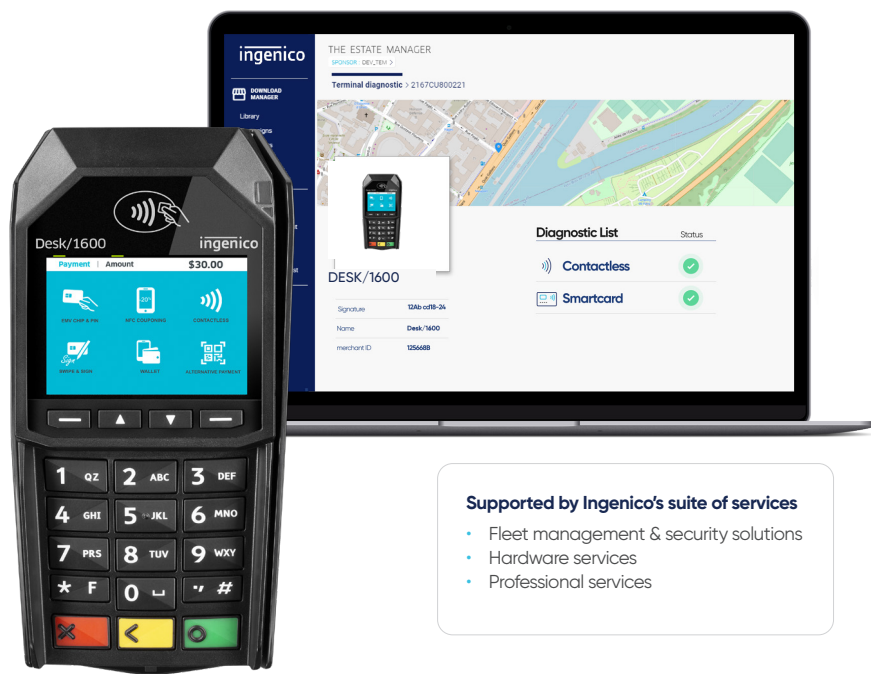

Optimized for payment:

- Multiple alternative payment methods supported
- Clear contactless zone
- Large keypad

Easy connectivity to desktop solutions thanks to one single connector

Compact design to fit easily on any counter

Raising the bar on security with PCI PTS v6

Supported by Ingenico's suite of services

- Fleet management & security solutions
- Hardware services
- Professional services
